

Knight Frank Finance...

an exclusive service from the country's most prestigious property company.

Choosing Knight Frank Finance provides you with access to some of the very best talent in personal financial services. Our consultants, all experts in their fields, have been hand picked to meet our high service standards. Each has exceptional skills and unrivalled experience in advising on and arranging property finance. Some specialise in high value single loans, others in the financial management of property portfolios.

As one of the most respected teams in property financing, we enjoy excellent relationships with financial institutions worldwide. These relationships enable us to arrange exclusive terms for our clients.

If you're ready to transform your view of property finance, whether it be improving your existing mortgage product or creating an enduring financial strategy, Knight Frank Finance is ready to advise you.

Knight Frank Finance advises and arranges property finance across each key area of residential property funding:

- The purchase of your main or second home
- Development Finance
- The financing of an entire property portfolio
- Currency loans, including multi-currency debt management
- Bridging Finance
- Sophisticated or more complex financial arrangements, such as offshore loans, property trusts, or placing property within a company or pension
